

Abacus Addition Practice

Single and double-digit addition for beginners

LEVEL 1 • AGES 5-8

Name: _____ Date: _____ Time: _____

How to use this sheet

Set the first number on your abacus, then add the second number bead by bead.

Say each step out loud at first. Once it feels easy, try it without the abacus.

Aim to finish all 60 sums in under 6 minutes. Note your time at the top.
